## Kyoritsu 5406A RCD Tester

- Custom microprocessor controlled for highest accuracy and reliability
- Constant current source circuitry ensures that a fluctuating mains voltage does not affect the accuracy of readings
- 3 LEDs Indicate correct wiring status
- Large custom digital display
- 0 and 180 degree phase angle switch permits quick tests and consistent readings
- Digital read-out of trip-time
- Visual indication of reversed phase and neutral wiring at socket
- Designed to IP54 Rating
- Complies with IEC 61557
- Test a large range of RCD's: Standard, Selective, AC and A (DC sensitive breakers)
